REMARKS

Applicants attach hereto as **Exhibit A** a set of sixty-five sheets of replacement drawings which include changes to Figures 31-36, 39, 41 and 42. These sixty-five sheets, which include Figures 31-36, 39, 41 and 42, replace the original fifty-two sheets of drawings.

Applicants note that the changes to Figures 31-36, 39, 41 and 42 merely involve enlargement of the drawings to bring them in compliance with 37 C.F.R. 1.84(k), i.e., to make them large enough that they will be clearly legible when they are reduced in size to two-thirds in reproduction. Enlargement of the above-identified drawings necessitated spreading the Figures over more than one sheet, labeled from "A" up to "E", which explains the increase in the number of sheets of drawings from fifty-two to sixty-five. None of the content of any Figure has been changed by these amendments, and thus they raise no issue of new matter.

Applicants have also amended the parts of the specification pertaining to the brief description of the amended Figures as set forth above. These amendments to the specification merely identify the parts of the Figures (i.e., A-E). No new matter is introduced by the amendments which are fully supported by the Figures, as amended. Accordingly, entry of this Amendment is respectfully requested.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicants' undersigned attorneys invite the Examiner to telephone them at the number provided below.

No fee is deemed necessary in connection with the filing of this Amendment. However, if any fee is required, authorization is
